

Says

What have we heard them say?
What can we imagine them saying?

Thinks

What are their wants, needs, hopes, and dreams?
What other thoughts might influence their behavior?

something (such as a force, campaign, or movement) that is extremely large and powerful and cannot be stopped. an advertising/political juggernaut.

An individual who is very skilled at debating politics and issues related to it, but the tactics they employ to win arguments are often quite brutal and disrespectful.

I got into a disagreement with Gary. He is interesting to talk to sometimes about politics because of how passionate he is about it; but often times he is so determined to win political disagreements that he can become very cruel and inconsiderate of how other people feel about the issue.

This book explains the global economy and uncovers the facts behind the hype. Globalisation is not a vehicle without a driver, or an irresistible and inevitable force of nature, as political leaders and pundits would have us believe

Political Juggernauts:A Quantitative Analysis of Candidates in tha 2019 Lok Sabha Elections

Juggernaut Politics identifies the actual institutions and people controlling the system and explains how the globalisation machine really works.

What has been ignored is the will of people who recognize that the benefits of globalisation do not include them and that these people would begin to hold political leaders more and more accountable.

It exposes the hidden face of the unregulated global market and its unequal trade treaties and domination by big money. The players that benefit are the transnational corporations, the super-managers and subservient politicians but also the ideologists who justify

In the second part of Juggernaut Politics, Jacques B. Gelinas looks at how people can reclaim the social and economic power that globalisation has eroded away.

Does

What behavior have we observed?
What can we imagine them doing?

Feels

What are their fears, frustrations, and anxieties?
What other feelings might influence their behavior?
